**THE GREAT
ANIMAL
WAR**

Everything changed when the fire nation attacked... oh wait that's a different story. I'm not so sure what's happening of here but I'm pretty sure Russia's involved. The logistics of that spider sniper don't make sense either. How is it hanging there? How did it shoot that ugly fucking frog in the top hat. I don't know. I don't know anything. War is dumb. #stop it
